President of Parliament  
Philipsburg, St. Maarten

December 10, 2025

**RE: Request to Convene an Urgent Public Meeting on Revenue-Generation Measures and Government Collections**

Honorable President Wescot-Williams,

On behalf of the National Alliance Faction, we hereby submit a request to convene an urgent public meeting of Parliament, with the attendance of the Minister of Finance and the Minister of TEATT.

The proposed agenda point is:

- **Revenue-Generation Measures and Government Collections**

During the last two budget debates, Members of Parliament raised numerous questions and presented various proposals aimed at enhancing government revenues and improving collection performance. Several of these inquiries remain pending, and others require clarity on the government's intended follow-up.

Compounding this, the Minister of TEATT has repeatedly stated publicly that the current budget is insufficient for the country to operate effectively, while the Prime Minister has confirmed that limited budgetary space remains a critical concern throughout the Council of Ministers. These statements reinforce the need for Parliament to be fully updated on the concrete measures being taken to strengthen revenue streams.

With the fiscal year approaching its close and the 2025 Budget Amendment still not submitted to Parliament, the urgency of this discussion is amplified. Parliament must be provided with the necessary insight into the government's revenue-enhancement initiatives to fulfill its oversight responsibilities and support informed decision-making.

In light of the above, we respectfully request that this urgent public meeting be scheduled at the earliest possible opportunity.

Regards,

Egbert J. Doran  
Member of Parliament  
St. Maarten

Ardwell M. R. Irion  
Member of Parliament  
St. Maarten

Darryl T. J. York  
Member of Parliament  
St. Maarten
