**Re: Letter of invitation to Caribbean parliamentary meeting
*Catalysing Regional Action on Technology-Facilitated Gender-Based Violence (TFGBV)
Against Women in Public Life: Supporting Parliamentary Action*
January 21, 2026 | Port of Spain, Trinidad and Tobago**

Dear Madam President,

It is a pleasure to write to invite representatives from your Parliament to participate in a meeting of Caribbean women parliamentarians **"Catalysing Regional Action on Technology-Facilitated Gender-Based Violence (TFGBV) Against Women in Public Life: Supporting Parliamentary Action,"** being held on **January 21, 2026, in Port of Spain, Trinidad and Tobago.**

This meeting will socialize the results of research conducted on this topic in partnership with UNFPA and ECLAC and facilitate collaborative work on concrete tools that can be used by parliamentarians and other political actors to contribute to ending TFGBV from their unique spheres of influence. The preliminary agenda can be found [at this link](#).

It would be an honour to have participation from your Parliament in these activities and enrich the development of the outcome materials to support action on TFGBV. We encourage the participation of two women parliamentarians if feasible to enable cross-party representation within the discussion.

To confirm the participation of your delegates, please write to Ms. Eilish Elliott at eilish.elliott@parlamericas.org by Friday January 9, 2026. Questions can also be directed to the same address.

We look forward to welcoming representatives from your Parliament to Trinidad and Tobago.

Sincerely,

Alisha Todd
Director General
